MY LOVE FOR
MOTOCROSS

ABOUT ME VIDEO

THE QUICK & FAST BIO

I am an 10 year old mx rider from a small town in Pennsylvania. I have been riding since I was 3 years old. I currently ride in the 65cc classes in AMA with my 2023 GasGas 65mc. My passion for motocross is all I think about, I spend most of my weekends competing in as many races as I can in the east coast. This will be the 3rd year of racing for me. When I am not riding MX I am playing soccer, riding BMX and doing all things related to action sports.

STORY BEHIND....

WHAT IS MEATBALL ALL ABOUT

THE REAL STORY

Ok it is true, I do love meatballs! Everyone always asks me, why is meatball written all over everything you wear, is that your name??? KINDA. The name meatball came from when I was 3 years old traveling in my parents' car and singing songs from the radio. My dad mentioned that we were going to have spaghetti and meatballs for dinner. I began singing ..MEATBALLS, MEATBALLS, MEATBALLS for about 20 minutes. My parents said ok ok that's enough "Meatball", and the nickname sort of started. My passion for bikes also grew at this time and I started doing crazy things on the bike. Then the phrase "You're a meatball" stuck too. I like the name and have started branding it into my social media, everyone knows me as "ELI MEATBALL" now.

MOTOCROSS

2025 GOALS

ELI ZULLI

LOOKING TOWARDS THE FUTURE

My passion for being on two wheels doesn't stop on the track. If I am not riding at home or on the track, I am thinking about it all the time. Next year, I hope to start training and going to MX clinics monthly to further grow my strengths of riding in motocross to compete in AMA on the East coast. I plan on racing in as many events as possible and enjoy the weekends with my family and friends at the race track.

I hope to grow my social media presence from 2k followers to over 4k and spread my passion for the sport. I love making videos and supporting products and people I believe in. Its not just racing for me, but dedication and hardwork put in to watch my riding and friendships grow. Let's go 2025!!

I NEED YOUR SUPPORT

SPONSORSHIPS

My goal is to receive sponsorship support to continue to grow my love for motocross racing, while also being a great respresentative of brands in the races for 2025.

“I love creating content for brands and products I believe in. I am not a kid who just loves doing videos, but I also love showing kids like me what is possible if you work hard. It also helps having a dad who is a professional graphic designer and videographer this allows me to showcase everything I love about Motocross and all the sports around it.”
